Customer service is key

An Outotec ambition is to create a long term partnership with the customer. This partnership ensures efficient usage of resources and sustainable operation of the equipment over the complete life cycle, supporting the mutual goal of keeping the equipment running in an optimal way.

Outotec’s mission is to work together with its customers on a day-to-day basis for the entire lifetime of the solution. Customer service is key; Outotec provides its customers with a locally nominated Outotec representative who will act as a single point of contact. Outotec services are available worldwide through Outotec’s Service Centers.

Outotec

Outotec develops leading technologies and services for the sustainable use of Earth's natural resources. Our 4,000 top experts are driven by each customer's unique challenges across the world. Outotec's comprehensive offering creates the best value for our customers in the mining, metal, energy, and chemical industries. Outotec had sales of EUR 1.1 billion in 2017, and its shares are listed on NASDAQ Helsinki.
